Meet one-on-one with a Gartner analyst†

Sit privately for 30 minutes with a Gartner analyst who specialize in the topic you’d like to discuss.

Many attendees tell us that a one-on-one session is worth the price of admission, all by itself.

As a registered attendee, you are entitled to one private, 30-minute consultation with an analyst of your choice.

These sessions are a great way to reinforce lessons learned and how-to recommendations presented throughout the conference.
