Reimagine IAM to Accelerate Digital Business

Gartner
Summits

Gartner Identity & Access Management Summit 2017

6 – 7 March / London, UK
gartner.com/eu/iam

Agenda tracks

A **Foundational Strategies in IAM**
Learn how to properly plan and organize your IAM program, create or restart an IAM strategy and ensure that processes and controls are implemented to gain real business benefits. Get time-proven and emerging best practices, with a focus on doing the simple and right things first and avoiding pitfalls.

B **Moving Your IAM Program Forward**
You have IAM experience. You've established your IAM program and roadmap. It's time to get busy on your projects and move forward. We show you best practices and how to avoid pitfalls, and help you with tool and service selection in dynamic IAM markets.

C **Building IAM for the Future**
IAM programs are faced with new business demands and expectations in the digital age, forcing IAM leaders to rethink how they manage their programs. Explore how digital business will accelerate changes in IAM program management, technology delivery and scale.

D **Beyond the Checkbox: Security, Risk and Privacy**
For digital business to succeed, security, risk, privacy and IAM must be aligned. In this track, you'll discover security disciplines aligned with IAM and the most important security trends.
