Sun. JUNE 7	5:30 – Healthcare and Education Welcome Reception Hosted by Research Sales (Registration Required) 6:30 p.m.													
Monday JUNE 8	7:00 a.m.	Industry Breakfast	CC1. The CISO Survey 2015 Executive Highlights F. Christian Byrnes (CISO Circle Only)	IND1. Healthcare Breakfast: Cybersecurity Incidents and Response Management for Healthcare Organizations Kimberly Elizabeth Pagani, Belinda Wilson, Mary E. Wujek	IND2. Financial Services Breakfast: Why Defining Right Security Controls the Right Way Matters Homan Farahmand	IND3. Government Industry Breakfast Matt Goodrich, J.D., FedRAMP Director, OCSIT, GSA								
	8:15 a.m.	K1. Opening Keynote Manage Risk and Deliver Security in a Digital World Ant Allan, Peter Firstbrook, Avivah Litan												
	9:00 a.m.	K2. Welcome Remarks and Program Overview Eric Ahim, Adam Hills, Eric Maiwald, Tom Scholtz, Andrew Walls, John A. Wheeler, Roberta J. Witly												
		Chief Information Security Officer (CISO) Program	IT Security Program	Technsights: Security Architecture Track			Risk Management and Compliance Program			Business Continuity Management (BCM) Program	Business of IT Security Program	Workshops	Water Cooler Sessions	
	10:00 a.m.	A1. The New CISO's Crucial First 100 Days Tom Scholtz	B1. How the Internet of Things Will Change Cybersecurity Forever Earl Perkins	C1. Signature Series: The Cloud Security Scenario Jay Heiser	D1. Network Security: How Much Is Enough? Brian Lowans	E1. Art of Cloud Security: AWS Edition Erik T. Heidt	F1/G1. General Session: Digital Business and Your New Relationship With Risk Paul E. Proctor			H1. Information Security Is a Business Continuity Issue: Are You Ready? Dr. Nader Mehravari, Carnegie Mellon University; Roberta J. Witly	J1. Signature Series: Top Market Trends in the Endpoint Detection and Response Market Lawrence Pingree	W1. Essential Communication and Conflict Resolution Skills for Security Leaders Perry Carpenter		
	11:00 a.m.	Solution Provider Sessions												
	12:00 p.m.	A2. Protecting Your House on the Prairie: Security Strategy for the Smaller Enterprise Rob McMillan, Tom Scholtz	B2. The Dark Side of Payment Card Security Avivah Litan	C2. Case Study: Top Threats, Vulnerabilities and Hiring Challenges — What is a CISO to Do? Mark Eggleston, CISSP, GSEC, CHPS, Director, Security & Business Continuity, Health Partners Plans; Adam Hills	D2. Signature Series: The Next Three Years in Threats Greg Young	E2. Designing the Modern Application Security Perimeter — With Mobile and Cloud in Mind Ramon Krikken	F2. Magic Quadrant for Operational Risk Management John A. Wheeler	G2. How to Know If Your Vendor Is in Trouble Christopher Ambrose	H2. The Availability Implications for Digital Business Roberta J. Witly	J2. The Impact of Data Center Transformation on Security Eric Ahim				
	12:30 p.m.	Attendee Lunch and Solution Showcase Dessert Reception												
	2:45 p.m.	A3. The Path to High-Impact Security Awareness Andrew Walls	B3. Your Network Security 2020: A Look Back Adam Hills, Greg Young	C3. Network Security Guide to BYOD — 2015 Update Claudio Neiva, Lawrence Orans	D3. General Session: Overcoming Political Land Mines to Accelerate Change Tina Nunno	E3. How to Collect, Refine and Use Threat Intelligence Anton Chuvakin	F3. Changing Your Security Culture: Why Change Is Hard and What to Do About It Debra Logan	G3. Digital Creepiness in Financial Services — What Risk Professionals Should Prepare For Juergen Weiss	H3. The BIA Is Complete — Now What? Yannick Bergeron, Belinda Wilson	J3. User Authentication Vendors Are Not the Only User Authentication Vendors Ant Allan	W2. Workshop: The Gartner ITScore Maturity Model for IAM Brian Iverson, Neil Wynne	WC3. Water Cooler Session: Follow-Up to Mark Eggleston's Case Study (C2)		
	3:45 p.m.	Solution Provider Sessions												
4:45 p.m.	A4. Business, Not Bytes — A Practical View of Security Metrics Rob McMillan, Jeffrey Wheatman	B4. Managed Services for the Five Styles of Advanced Threat Defense Kelly M. Kavanagh	C4. Who Needs a VPN? John Girard				E4. Assessing Cloud Service Providers: Getting Beyond the Checklists Erik T. Heidt	F4. Career Path: Digital Risk Officer Paul E. Proctor	G4. Panel: Women in Security and Risk Management Victoria Barber, Avivah Litan, Debra Logan, Tina Nunno, Khushbu Pratap, Roberta J. Witly	H4. Case Study: Best Practices for Globally Managing Business Continuity — A Reed Elsevier Case Study Alice Kaltenmark, MBCEP, MBCI, Director, Global IT Service Continuity Management, Reed Elsevier — Technology Services; John P. Morency	J4. Future of Endpoint Management Rob Smith	WC4. Water Cooler Session: When Assets Go Rogue: Shadow IT and Third-Party Cyber Risk F. Christian Byrnes; Tom Scholtz; Mark Weatherford, Principal, The Chertoff Group		
5:30 p.m.	Solution Showcase Reception													
Tuesday JUNE 9	7:00 a.m.	General Breakfast	CC3. Power Breakfast: Eccentric Leadership Tina Nunno (CISO Circle Only)	IND4. Healthcare Breakfast: Technical Gaps in Medical Device Security Kevin McDonald, Mayo Clinic; Earl Perkins	IND5. Financial Services Breakfast: Sharing Best Practices in Cyberinsurance Juergen Weiss	IND6. Education Breakfast: Maintaining Privacy and Security as Education Technology Proliferates David Irwin, Steven L. Kaplan								
	8:00 a.m.	K3. Keynote Cybersecurity Scenario 2020: The Impact of Digital Business on Security F. Christian Byrnes												
	9:15 a.m.	Solution Provider Sessions												
	10:15 a.m.	A5. Top Trends and Take-Aways for Cybersecurity Earl Perkins	B5. What Technology Is Driving the Third Wave of Threat Intelligence in Enterprises? Craig Lawson	C5. Signature Series: Gartner's Adaptive Security Architecture — New Approaches for Advanced and Insider Threats Neil MacDonald	D5. Titanic or Train Wreck? Ten Signs That Your IAM Program Is About to Go Off Track Brian Iverson	E5. How to Use Attack Chain Model to Plan Security Monitoring Anton Chuvakin, Ramon Krikken	F5. Building Advanced KPIs: Risk Metrics That Influence Business Decisions Paul E. Proctor	G5. Ten Critical Elements for Successful Risk Management Programs John A. Wheeler				J5. Security in the Cloud: Consider Different Risks and Opportunities Ruggero Contu	W3. Workshop: Make the Business Case and Obtain BCM Program Executive Sponsorship Belinda Wilson, Roberta J. Witly (10:45 a.m.)	
	11:15 a.m.	A6. TBA	B6. The Cyber Kill Chain Craig Lawson	C6. DDoS Attacks Are Here to Stay: Now What? Lawrence Orans	D6. Your Cloud Service Adoption Strategy Must Include Data Protection Brian Lowans	E6. Case Study: Mayo Clinic Eric Maiwald; Kevin McDonald, Director, Clinical Information Security, Mayo Clinic	F6. Eight New Trends Disrupt the E-Discovery Status Quo Jie Zhang	G6. Four Rules That Define the Boundaries of the Internal Auditor's Role in Risk Management Khushbu Pratap				J6. To the Point: Enterprise Network Firewalls Magic Quadrant Adam Hills	W4. IT Security: Planning a Self-Audit Khushbu Pratap (1:45 p.m.)	
	11:45 a.m.	Attendee Lunch and Solution Showcase Dessert Reception (Extended Showcase Hours 2:00 p.m. – 5:15 p.m.)												
	2:00 p.m.	K4. Keynote U.S. Intelligence, Defense and Cybersecurity Strategies Leon Panetta, U.S. Secretary of Defense (2011-2013), Director, Central Intelligence Agency (2009-2011), Chief of Staff to President Bill Clinton (1994-1997), and Co-founder, Panetta Institute for Public Policy												
	2:15 p.m.	Solution Provider Sessions												
	3:15 p.m.	A7. The Nexus Is the Matrix: Everything I Need to Know About Digital Business I Learned From William Gibson Jay Heiser, Andrew Walls	B7. Astounding Science Fiction and/or Internet of Things Security Scenarios John Girard, Greg Young	C7. The Canary in the Digital Age, Detecting the Persistent Attacker Before It Is Too Late Peter Firstbrook	D7. Operational Technology Security Is Not Just for Industries Anymore Earl Perkins	E7. Securing Sensitive SaaS Using Cloud Access Security Brokers Ramon Krikken	F7. Application Security Crisis: A Way Out Joseph Feiman	G7. What's New and Hot in GRC? John A. Wheeler	H7. Supplier Contingency Planning Christopher Ambrose	J7. Security Incident Response in the Age of the APT Anton Chuvakin	WC7. Water Cooler Session: Insights and Advice for Midmarket Security Leaders James A. Browning, Mike Cisek, Adam Hills, Kelly M. Kavanagh			
	4:15 p.m.	Solution Provider Sessions												
5:15 p.m.	A8. Be Agile Not Fragile: Use Threat Intelligence Services to Defend Yourself Rob McMillan	B8. Mind the SaaS Security Gaps Craig Lawson	C8. Secure Use of AWS and Azure: Comparison and Best Practices Neil MacDonald	D8. Future-Proofing IAM Ant Allan	E8. How to Build a Hybrid DDoS Defense Architecture Patrick Hevesi	F8. Use a Vendor Risk Management Framework to Mitigate Regulatory, Compliance, Security and Performance Issues Christopher Ambrose	G8. Software Licensing Is a Risk. Is Your Organization Managing It? Victoria Barber	H8. Case Study: What Makes Organizations Resilient and Why You Should Care Lyndia Nelson, President, ICOR; Roberta J. Witly	J8. The Three-Year Outlook for Advanced Threat Solutions Eric Ahim					
6:00 p.m.	Hospitality Suites													
Wednesday JUNE 10	7:00 a.m.	General Breakfast	CC5. Power Breakfast: A Staff Development Model for Security F. Christian Byrnes	IND7. Healthcare Breakfast: The Tug of War Between Protection and Transparency of Patient Data Mark E. Gilbert, Kevin K. Kampman	IND8. Financial Services Breakfast: Risk Management Challenges in Financial Services Juergen Weiss	IND9. Government Breakfast Katell Thielemann								
	8:00 a.m.	K5. Guest Keynote Cory Doctorow, Journalist, Science Fiction Author, Activist and Blogger												
	9:30 a.m.	Solution Provider Sessions												
	10:30 a.m.	A9. General Session/CISO Circle: Pulling Back the Wizard's Curtain — LabMD's CEO Michael J. Daugherty Reveals the FTC's Data Security Investigation Secrets, Tricks and Tactics	B9. Signature Series: Mobile Security Threats and Trends in 2015 John Girard, Dionisio Zumerle	C9. Securing the Next-Generation Data Center With Software-Defined Security Neil MacDonald	D9. Grab the Low-Hanging Fruit to Simplify Your IAM Program Neil Wynne	E9. Mobile Device Security: A Comparison of Platforms Patrick Hevesi	F9. Crossfire: Quantitative vs. Qualitative Risk Assessment Perry Carpenter, Paul E. Proctor	G9. Signature Series: Top Trends in Corporate Compliance and Oversight Jeffrey Wheatman	H9. Qualcomm Case Study: Activations — What Have We Learned? Suzanna Hall, Senior Manager, Business Continuity, Qualcomm; Katie West, Director Operations, Qualcomm; Belinda Wilson	J9. TBA	W5. Workshop: Start Your DLP Project by Making It Relevant Rob McMillan, Brian Reed	WC9. Water Cooler Session: Insights and Advice for Midmarket Security Leaders James A. Browning, Mike Cisek, Craig Lawson, John A. Wheeler		
	11:30 a.m.	A10. Crossfire: We Will Fall If We Try to Protect All Data and Processes That We Own Carsten Casper, Joseph Feiman, Avivah Litan, Neil MacDonald	B10. Pushing the Boundaries of SIEM Kelly M. Kavanagh	C10. Defending Endpoints From the Persistent Attack Peter Firstbrook	D10. Successfully Selecting an IAM Vendor Neil Wynne	E10/F10/G10. Case Study: Security and Privacy After Snowden — Lessons From the President's NSA Review Group on Privacy and Cybersecurity, Scheller College of Business, Georgia Institute of Technology Carsten Casper; Peter Swire, Professor of Law and Expert			H10. Enhance Your Reputation Through Crisis Communications and Emergency Notification Richard Bieber, Ultimate Software; John "Trusty" Hicks, Program Manager, Asset Protection Solutions, Walgreens; Roberta J. Witly	J10. Are UTM and NGFW Firewalls Really Just the Same? Eric Ahim, Sid Deshpande, Adam Hills				
	12:15 p.m.	Attendee Lunch and Solution Showcase Dessert Reception												
	2:15 p.m.	A11. Why Your Policy Is Broken and How You Can Fix It Rob McMillan	B11. Seven Supporting Services That Application Owners Will Demand From the IAM Team Neil Wynne	C11. Network Segmentation Best Practices Greg Young	D11. SIEM for Hybrid Technology and Service Deployment Claudio Neiva	E11. Crossfire: Debating Pervasive Data-at-Rest Encryption — Great Security or Grand Illusion? Erik T. Heidt, Ramon Krikken	F11/G11. General Session: Trust in the New World — PayPal's Approach to Risk and the Evolving Role of the CRO Tomer Barei, CRO, PayPal; Avivah Litan			H11. Using the BCI's Good Practice Guidelines for Program Development and Maturation Belinda Wilson; Brian Zawada, FBCI, MBCEP, President, The Business Continuity Institute	J11. Crisis of Trust: The Supply Chain Is Doomed Jay Heiser, Neil McDonald	W6. Workshop TBA		
	3:15 p.m.	Solution Provider Sessions												
	4:15 p.m.	A12. The Legality and Ethics of IoT and Employee Monitoring Avivah Litan, Andrew Walls	B12. Lessons Learned on Advanced Threat Defense Strategies and Tools Lawrence Orans	C12. Water Cooler Session TBA	D12. TBA	E12. Art of IaaS Cloud Encryption Erik T. Heidt	F12. One Simple Way to Get Your CEO to Embrace Risk Management John A. Wheeler	G12. How to Present Risk to Board-Level Management: Key Take-Aways From Visa Jeremiah Kung, Visa; Khushbu Pratap	H12. Why Crisis Management Is the Heart of BCM Software Roberta J. Witly	J12. Enterprise Mobility Management Magic Quadrant and Critical Capabilities Review Rob Smith				
	5:00 p.m.	A13. People-Centric Security — Experiences and Lessons Learned Tom Scholtz	B13. Mobile Application Security Testing Joseph Feiman	C13. Water Cooler Session TBA	D13. Future of Sales in Information Security Sid Deshpande	E13. Insider Threat: NOT an IT Problem? Anton Chuvakin; Erik T. Heidt; Moderator: Patrick Hevesi	F13. Vendor Intelligence — Using Data Analytics to Monitor and Mitigate Vendor Risk Christopher Ambrose	G13. E-Discovery Magic Quadrant Jie Zhang	H13. The Current State of Cloud-Based Recovery and Continuity John P. Morency	J13. Discussion of Network Forensics Challenges and Provider Solutions Sid Deshpande, Lawrence Pingree				
6:00 p.m.	Boat Cruise													
Thursday JUNE 11	7:00 a.m.	General Breakfast by Industry	CC7. CISO Circle Breakfast: I Hacked Your Breakfast Ash Ahuja, Perry Carpenter	IND10. Healthcare Breakfast: How Much Should Healthcare Organizations Be Investing in Information Security? Tom McClure, Steve Ying										
	8:00 a.m.	A14. Using the NIST Cybersecurity Framework Khushbu Pratap	B14. Data Masking: Protecting Data Against Insiders Joseph Feiman	C14. Case Study: Cybersecurity, Critical Infrastructure and Risk Adam Hills; Samuel Sanders Visner, SVP, ICF International	D14. TBA	E14. Mobile Malware Attack Landscape Patrick Hevesi	F14. Cyberinsurance: To Buy or Not to Buy? Juergen Weiss	G14. Privacy and the Internet of Things: Risks, Benefits and How to Avoid Crossing the Creepy Line Carsten Casper	H14. Case Study TBA	J14. CASBs: The Fastest Maturing Emerging Market in Security Eric Ahim, Sid Deshpande	W7. Workshop: The Language of Change — Overcoming Change Resistance and Transforming Culture Debra Logan	WC14. Water Cooler Session: Insights and Advice for Midmarket Security Leaders James A. Browning, Mike Cisek, John P. Morency, Dionisio Zumerle		
	8:45 a.m.	A15. Case Study TBA	B15. Overcoming Five Key Obstacles to Success in Content-Aware DLP Deployments Brian Reed	C15. Challenging Decisions: Third-Party Security Assurance Landscape Khushbu Pratap	D15. How to Build a Globally Legal and Successful BYOD Program John Girard				F15. Software Asset Management — The Essentials Victoria Barber	G15. Case Study TBA	H15. Case Study TBA	J15. Signature Series: Information Security Buying Behaviors and Budget Trends 2015 Lawrence Pingree	WC15. Water Cooler Session: Q&A With Samuel Visner on Cybersecurity, Critical Infrastructure and Risk Adam Hills; Samuel Sanders Visner, SVP, ICF International	
	9:30 a.m.	Solution Provider Sessions												
	10:30 a.m.	A16. Chief Data Officers and Chief Information Security Officers: Friends or Foes? Debra Logan	B16. Protecting Mobile Apps Dionisio Zumerle	C16. Reduce the Risks and Implement Data Access Controls Now! Brian Lowans	D16. Designing the Right Privileged Account Management Solution Anmol Singh	E16. SIEM Architecture and Operational Processes Anton Chuvakin	F16. GRC: What Works, What Doesn't Paul E. Proctor	G16. Using Storytelling to Get Your Risk Management Message Heard Jeffrey Wheatman	H16. Justifying and Implementing IT Service Continuity John P. Morency					
	11:30 a.m.	K6. Gartner Closing Keynote The Great Race to Digital Moments Chris Howard												
12:15 p.m.	Analyst Thanks for Coming and Conference Adjournment
